Dimensions (cm.)

Weight

60 kg.

Volume

2,53 m3

#### **Maintenance**

It is recommended to clean it with a water humid sponge or a water pressure washer and a little bit of neutral soap.

#### **Other specifications**

Nak is a versatile range of sofas that can change their image and function simply by adding or removing the back or armrests incorporated in the cushions of each piece. Therefore, you can have a sofa with a back and armrests, a wide chaise longue on which to relax or a large outdoor bed. Outdoor use. Designed and manufactured 100% in Barcelona, Spain.
