

## BuzziMilk Stool & SideTable

There's something about a milking stool that makes us feel at home - even at work. This rustic-meets-modern take on the old farmhouse favourite would even make your grandma proud.

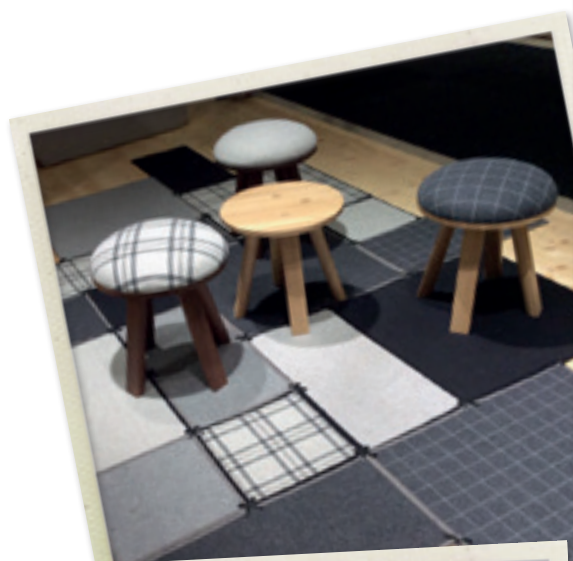

BuzziMilk is an earnest little stool inspired by elements not usually found in a standard office space in order to create a warm and homey feeling at work. But unlike your grandma's old milk stool, the BuzziMilk has four legs for stability and a cushion seat for a softer experience.

The same wooden structure without the cushion turns into a handy little table, and creates a dynamic and friendly work corner playing with BuzziMilk stools and tables.

With your own unique combination of BuzziSpace Fabric, including our Terra, Tartan and Rough range, and a variety of wood finishes, BuzziMilk is a moveable graphic extra in your work or home space.

Like your grandma's old stool, this one's a keeper.
